Status of budgeted works

GLOSSARY

- **Ward**

An administrative division of a city that typically elects and is represented by a councillor or councillors. There are 198 wards in Bengaluru City, falling under the purview of the Assistant Engineer (AE), in each ward.

- **Sub Division**

An administrative division, falling under the purview of the Assistant Executive Engineer (AEE). There are 60 Sub-divisions in Bengaluru City.

- **Division**

An administrative division, falling under the purview of the Executive Engineer (EE). There are 29 Divisions in Bengaluru City.

- **Zone**

An administrative division, falling under the purview of the Chief Engineer (CE). There are 8 Zones in Bengaluru City.

- **Civic Facilities**

The assets/facilities that BBMP by notification is directly or indirectly (by contract) responsible for, are called civic facilities.

- **Arterial Roads**

An arterial road is a high-capacity urban road. These roads along with expressways, serve as the principal network for through traffic flows. They generally service significant travel within the city between central business districts and outlying residential areas or between major suburban centres.

- **Sub-arterial Roads**

Sub-arterial roads are similar to arterial roads, but carry less of the through-traffic. They perform the function of a principal carrier of traffic to, through and around major facilities (eg: major shopping centres, town centres, major business and/or industrial areas, large educational establishments etc.)

- **Collector Roads**

Collector roads collect traffic from local roads and feed it to the arterial and sub-arterial roads or vice-versa. They are generally located in residential neighbourhoods and small industrial or market areas.

- **Local Roads**

Local roads are intended primarily to provide access to abutting properties and normally don't carry high volumes of traffic. Majority of trips in urban areas either originate from or terminate on these roads.

- **Lux**

Lux is the SI unit of illuminance, measuring luminous flux per unit area. Simply, it is the intensity of light, as perceived by the human eye, which hits or passes a surface.

- **Areas of budget allocations**

- **Roads:** Projects targeted at the repair or improvement of existing roads, construction of new roads and large infrastructure projects such as flyovers and underpasses, and parking spaces.
- **Pedestrian Infra:** Basic conveniences provided for pedestrians such as footpaths, streetlighting on the footpath, speed breakers, and crossings.
- **Recreational Amenities:** Public infrastructure that citizens can use for leisure activities such as parks, playgrounds and stadiums.
- **Sanitation:** Projects to provide the citizens basic levels of hygiene and sanitation such as public toilets, storm water drains and flood management .
- **Solid Waste Management:** Projects addressing the solid waste collection, transportation, treatment and disposal.
- **Community Infra and Services:** Community infrastructure is a broad term encompassing all the infrastructural projects that have a necessary civic function. These range from works to improve or build council buildings and ward offices, abattoir and animal incinerators, commercial complexes and markets and educational institutions.
- **Unallocated + Other Works:** These are mainly funds that are not specifically allocated to any particular project type.
- **Administrative Expenses:** Expenses that are incurred in the day to day functioning of BBMP, such as salaries and allowances, or for special occasions such as ceremonies, or contingency expenses.

No. of works budgeted in your ward: 37

Allocation for works in your ward: 5.87 Cr.
